Rubber Wall Guards	Sizes about 100 × 25 mm to 250 × 25 mm and larger; plain black, single or double yellow strip
Rubber Speed Humps	Modular humps for car parks and site roads
Rubber Wheel Stoppers	Solid and semi-solid types
Rubber Dock Bumpers	For loading bays
Bollards and Support Inserts	Parking and protection
Other Rubber Products	Anti-vibration pads, rubber lining for pipe clamps, construction profiles, elastomeric bearing pads (plain, laminated and sliding)

Typical Features

Impact absorbing rubber, weather and UV resistant, high-visibility yellow strips on request, fixing by bolts or adhesive. Exact sizes, hardness and colours are confirmed on quotation.

Notice: Values are typical and indicative, based on common industry grades. Exact grade, size, tolerance and performance are confirmed on quotation and against the supplier or manufacturer data and material test certificate for each batch. This sheet is not a warranty. Contact Diode Trading EST to confirm availability and specification for your application.
